IMPORTANT INFORMATION before you register for Spring Session 2018:

- Spring Session at LEC is approximately 7 weeks long, and is fast paced and condensed. Students need to consider their personal work schedules, family commitments and other personal commitments before registering.
- Because of the fast pace and the short time of Spring Session, regular attendance is mandatory. Students **CANNOT** miss more than one class, even for good reasons, as they will not be able to keep up with the course and achieve success. Teachers do not re-teach missed content.
- Students should expect a *minimum* of one hour of homework each day.
- Classes that run 2 days per week still require a 4 day per week commitment from students since there is work completed between classes through online assignments or on-site self paced learning.
- Students can take one Spring Session course, as well as whatever self-paced course(s) they are currently registered in prior to Spring Session; students wanting to take more than one course must have permission from an LEC counsellor or administrator.
- **All students must be in attendance by the second Spring Session class or they will be withdrawn.**
- Students who are registered in a school district other than Langley may not be eligible to take classes which run 4 days per week. Check at the LEC Office for more information before registering.
- **Students must be 16 years old as of July 1, 2017 in order to qualify for a class which runs four days per week. Check at the LEC Office for more information before registering.
